Blue Ocean Resort - Ganpatipule

Established in 2008, We, SHREE SWASTIK, are a well known Manufacturer, Wholesaler, Trader and Importer of premium quality Blinds Components, Monsoon Blinds, Blinds Fabric, Roller Blinds, Shangrila Blinds, Venetian Blinds, Vertical Blinds, Zebra Blinds, Chick Blinds, Honeycomb Blinds, Curtain Motor, Decorative Wallpaper, Roller Mosquito Net, Wooden Flooring, Curtain Tracks and Artificial Grass. The products offered by us are manufactured at our vendor's infrastructure facility using raw materials and components that are certified on their quality. These products are available to clients in a variety of colors, designs, shapes, and sizes at affordable prices. These are highly acclaimed for their simple installation procedure, low maintenance requirements, lengthy lifespan and aesthetically pleasing looks. These are used widely in the residential, commercial and corporate sector for the purpose of regulating air flow and temperature. Their installation helps in the maintenance of uniform interior temperature. It also adds a dash of elegance and class to the overall interior look. These can be operated manually as well as with the help of a machine. Their quality is impeccable. Strict quality checks guarantee the delivery of flawless products to clients.

Under the highly capable guidance and leadership of Mr. Ravindra Kumar, we have forged long-term relationships with our clients through our efficient business dealings. Our ethically driven transactions have played a crucial role in making us a highly sought after firm for the clients.

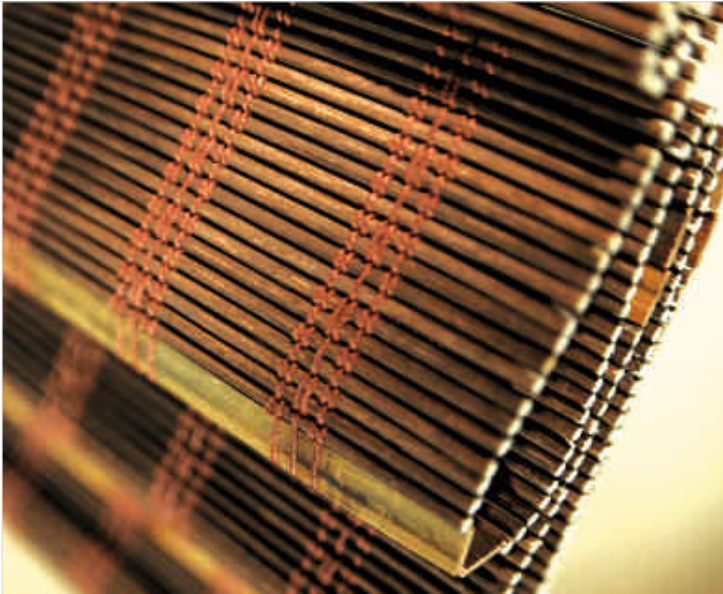

### WHY SHREE SWASTIK

- High sophisticated products.
- Expertised technical team with over 10 years of experience.
- State of the art machinery imported from Erope.
- High quality norms.
- Immediated customer service.
- Customized products to customer's needs.

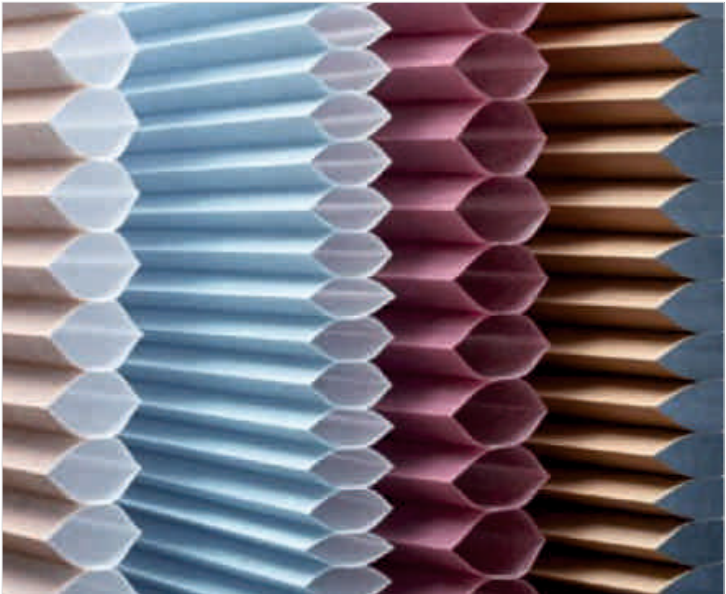

## HERITAGE BLINDS

SHREE SWASTIK HERITAGE BLINDS are made of specially treated wood plaiting material . The strips of wood are woven on special computerized weaving looms with many eye-catching threads. They are available in roll-up, ripple fold and roman style mechanisms.

## PLEATED BLINDS

SHREE SWASTIK PLEATED BLINDS are fitted with a special mechanism which ensures symmetric pleats throughout the blinds. Offered in a manual cord-pulling system with a unique locking facility.

# SHADOW BLINDS

SHREE SWASTIK SHADOW BLINDS give a user the full option of using it as a sheer or a translucent blind. Available in many colors with both manual and motorised systems. Manufactured with fabrics from Europe.

## BLUE OCEAN RESORT - GANPATIPULE

## TRANSPARENT WEATHER BLINDS

SHREE SWASTIK BLINDS & FABRIC are versatile, durable and are engineered to fit any configuration even circular. With this design creativity and innovation, SHREE SWASTIK Weather Blinds are seen and desired in premium hotels and exclusive resorts around the world.

- Manufactured from high grade SHREE SWASTIK 0.5mm thick supra-soft see-thru clear PVC that prevents it from becoming brittle in strong sunlight
- SHREE SWASTIK specifically formulated composition having 5PhR to make highly resistant to Ultra-Violet rays and prevent it from discoloring.
- Hem Stitched on both sides inserts of 100% solution-dyed Acrylic & PVC fabric for durability & strength
- Horizontal bars and inserted with specially SHREE SWASTIK designed oval shaped aluminum extrusions to withstand strong wind pressure up to 50 kmph. Horizontal bars are wrapped with 100% solution-dyed Acrylic & PVC fabric to withstand the strong sunlight.
- Supported with specially manufactured Stainless Steel 304 & 316 Marine Grade 7x7 strand 4mm thick wires for durability and strength against high wind pressure
- Installed on SHREE SWASTIK design brackets made from single-extrusion aluminum profile.
- SHREE SWASTIK manual cord-pulling Weather Blinds are operated by 4 & 5mm pre-shrunk, pre-elongated core-less polyester cords for ease of operation
- SHREE SWASTIK Weather Blinds, when folded up, are hidden behind removable covers made from 100% solution-dyed Acrylic & PVC fabric

Fitted on SHREE SWASTIK design Aluminium headrail duly powder-coated and notched on automatic machines to house the mechanism. Fixed with SWASTIK design Stainless Steel 316 Marine Grade Lifting mechanism, hooks, plates, screws and tensioners. SWASTIK Transparent Weather Blinds are fixed with specifically designed worm gears from Germany and crankshaft for lifting or lowering the blinds. SWASTIK weather blind come with manual override facility. Can be individually or group controlled.

## WOODEN VENTIAN BLINDS

SHREE SWASTIK BLINDS & FABRIC are made out of resin which, along with being water-resistant, is given a wood finish which does not warp. Our blinds are fitted on specially extruded aluminium headrails duly powder coated and fitted with stainless steel drive rods.

## VERTICAL BLINDS

SHREE SWASTIK 100MM FABRIC VERTICAL BLINDS are fitted with self-adjusting runners and mechanism. Available in a wide range of all American fabric, the bottom of these blinds are inserted with metal inserts which are embedded in high grade Polymer weights and connected with decorative chains.
